

## One world

*This planet consists of lots of different places,  
Living here are people with different faces  
Different languages, different food  
Seeing a world like this brightens our mood.*

One world, one people  
Living together in harmony  
One world, one people  
One family.

India, Mexico, Germany, Iran  
South Africa, Japan and Russia, Mali, Pakistan.  
All of these countries are wonderful to see,  
Where would you like to be?
