

When it's Christmas

When it's Christmas, it's time to go carol singing
Listen to the church bells ringing
Happiest season, happiest reason
When it's Christmas, it's time to go celebrating
Christmas tree decorating
Join in the Christmas fun
It's the season of goodwill to all mankind
And peace throughout the land
It's the season to love, live, laugh, give
Lend a helping hand

When it's Christmas, it's time to be feeling jolly
Hang mistletoe and holly
Happiest season, happiest reason
When it's Christmas, then nobody minds the weather
Families get together, friends and neighbours call
When it's Christmas, there's fun for all!
